

Southwold Primary School Pupil Premium Report 2017-18

Principles

- We ensure that teaching and learning opportunities meet the needs of all of the pupils
- We ensure that appropriate provision is made for pupils who belong to vulnerable groups, this
 includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and
 addressed
- We are committed to reducing class sizes wherever possible thus improving opportunities for personalised learning and accelerating progress for all pupils and in particular vulnerable pupils.
- In making provision for socially disadvantaged pupils, we recognise that not all pupils who receive free school meals will be socially disadvantaged
- We also recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals. We reserve the right to allocate the Pupil Premium funding to support any pupil or groups of pupils the school has legitimately identified as being socially disadvantaged.
- Pupil premium funding will be allocated following a needs analysis which will identify priority classes, groups or individuals. Limited funding and resources means that not all children receiving free school meals will be in receipt of pupil premium interventions at one time
- All our work through the pupil premium will be aimed at accelerating progress moving children to at least age related expectations.
- Pupil premium resources may also be used to target able children receiving PPG to achieve end
 of year expectations in particular with end of Phase testing in KS1 and KS2
- The Governors of the school will publish information on how they have used their Pupil Premium Grant to address the issue of 'narrowing the gap', for socially disadvantaged pupils.

Barriers Faced by Our Pupils

- Many disadvantaged pupils at our school start their education at a lower level of achievement in Reading, Writing, Mathematics and oracy than other pupils. They have had less exposure to a wide vocabulary and less experience of number and familiarity with reading.
- Many of our disadvantaged pupils begin school with limited exposure to formal spoken English, having spoken a language other than English at home during their formative years.
- Due to a lower exposure to a wide vocabulary at home many of our pupils in receipt of PPG find reading comprehension challenging and perform less well than their peers.
- Many of our disadvantaged pupils live in cramped, busy households which limits their access to materials and experiences supportive of educational success. This affects pupil confidence and knowledge of the key basic skills such as times tables.
- Some of the parents of our disadvantaged pupils lack the confidence to support their children with learning at home.
- Some of our pupils in receipt of the Pupil Premium Grant have low self confidence and difficulty in regulating their emotions which acts as a barrier to their educational success.
- Some of our most able disadvantaged pupils do not have aspirational home backgrounds.
- Some of our disadvantaged pupils have limited opportunities for social, cultural or educational experiences beyond their immediate environment.

Deployment

PPG is used to part fund key interventions for vulnerable children and priority is given to children eligible for PPG. Provision for our children who are looked after is subject to specific scrutiny and review as our most vulnerable group.

Southwold- Primary - Impact Statement 2017-18

Achievement of PPG Pupils (2017 KS2 Outcomes)

	Our pupils eligible for PPG				National average for all pupils			
% achieving the expected standard or above	Progress Score	% at expected standard	% at the high standard	Average Scaled Score	Progress Score	% at expected standard	% at the high standard	Average Scaled Score
Reading, Writing & Maths	n/a	82%	9%	n/a	n/a	61%	9%	n/a
Reading	+2.6	88%	21%	105	-5	71%	25%	104
Writing	+3.4	97%	18%	n/a	-7	76%	18%	n/a
Mathematics	+5.5	97%	29%	109	-5	75%	23%	104
Grammar, Spelling, Punctuation	n/a	100%	59%	112	n/a	77%	31%	106

- Disadvantaged **Key Stage 2** pupils' progress in all subjects was significantly above average overall. Disadvantaged KS2 pupils attained an average scaled score above the national score for all pupils in reading, writing and mathematics in 2017. The percentage of most able disadvantaged pupils achieving a high standard in Reading, Writing & Mathematics was in line with or above that of other pupils nationally in Writing, Maths, Grammar, Spelling & Punctuation but below in Reading.
- Disadvantaged **Key Stage 1** pupils achieving the expected standard was broadly in line with the national averages for all pupils (slightly below in Reading and Maths). Reading, Writing & Maths at greater depth was above that for all pupils nationally and the combined percentage of PPG children achieving at the expected standard in RWM was above national averages for all pupils.
- In most year groups the majority of disadvantaged pupils are at the expected standard, broadly in line with other children in the school. PPG children have also made good progress across the school (School In-House Year End 2017 data set)
- At the end of **Foundation Stage** the majority of disadvantaged pupils met the expected standard (Good Level of Development) with a gap of just 6% to the national average for all pupils.
- Intervention analysis shows that disadvantaged pupils attending lunch time Reading Eggs and Mathletics clubs make better than expected progress in literacy and maths (in school SEN data and KS2 pupil outcomes)
- A programme of therapeutic support and 'speak up' sessions provided by Sidebeside has been accessed by 90 disadvantaged pupils.
 Families have benefited from advice and support from additional workshops and interventions organised by the Inclusion Team and Learning Mentor, resulting in better engagement with school. This is demonstrated by increased attendance at coffee mornings and school events.
