Important Events

Friday 7th June – D.T. Day

Tuesday 11th June – Trip to Southend

Wednesday 19th June – Class Assembly

Thursday 4th July – Parents Evening

Thursday 11th July – Celebration Assembly

Friday 12th July – Summer Fayre

Friday 19th July – Term ends at 2pm

PE

Our PE day is on **Thursday** (Woodpecker) and **Thursday** (Swan) and it is vital that children participate in PE every week. Please remember to send your child to school with their PE kit which consists of a plain white T shirt, green or black shorts and trainers or plimsolls. Please label *everything* with your child's name.

Homework

Every child is set two pieces of homework, one for maths and one for literacy. It is handed to the children on a **Thursday** and is due back the following **Monday**.

Parent Reading

Parent reading will continue this year every **Friday morning from 8.55 until 9.15**. Please continue to come if it is possible as it has been incredibly successful in creating a positive link between home and school while also building upon your child's love of reading.

Summer 2

Dear Parents and Carers,

Welcome back, we hope you had an enjoyable half term break!

Thank you to all parents and children for a fantastic Summer term and for your continued support with attendance and punctuality.

There are lots of exciting things planned this term, with learning inside and outside the classroom, as well as school enrichment opportunities such as Healthy Living Week. More information about Summer 2 is included in this leaflet.

We look forward to continuing to work with you and seeing the further progression of your children.

Ms Moira (Swan)

Ms Warrington (Woodpecker)

Let's Play!

As writers we will write stories, reports, explanations and responses to poetry.

As Readers we will be focusing on decoding and comprehension.

As Speakers and Listeners we will be saying our sentences out loud and receiving feedback from our peers.

Literacy

Story writing, reports, explanation texts and responses to poetry

As mathematicians we will be practising our addition, subtraction and measuring skills. We will be solving problems and learning how to measure in millilitres. We will be using concrete objects to divide and multiply.

Numeracy

Problem solving, number skills, counting, measure

As scientists we will be learning all about seasonal changes.

We will investigate how the weather changes in order to identify changes that happen across the 4 seasons.

We will explore the reasons we wear different materials in the summer to the winter.

Science

Seasonal Changes

PSHCE & RE

RE: What is important to Jews?
PSHCE: Changes

ICT

Multimedia

(2 Create a story)

The Arts

Collage

Creating a snail in the style of Matisse

As artists, we will be learning all about the work of Matisse. We will be exploring different patterns and textures in order to understand how to replicate the work of Matisse. We will create our own montage in the likeness of 'The Snail'!

Physical Development

Games: Cricket

We will be learning how to control a ball using a bat, throw a ball to reach a target and hit a ball with force using a bat!

Humanities

Geography:

The Seaside

As geographers, we will be looking the seaside in comparison to Hackney. We will ask questions about the seaside and find out which features are human, and which are physical. We will compare the similarities and differences between Hackney and the seaside.
