## Roles & Responsibilities

Individual governors have no power or right to act on behalf of the governing body, except where the whole governing body has delegated a specific function to that individual, or where regulations specify that a function is to be exercised in a particular way.

The governing body is legally liable for all actions taken in its name by individuals or committees to which it has delegated functions. The governing body should therefore ensure that decisions to delegate specific responsibilities are properly minuted and recorded.

Individual governors do not have an automatic right to enter the school whenever they wish. However, they need to be able to visit from time to time in order to develop their understanding of the school. These visits enable them to fulfil their statutory responsibility for the conduct of the school. Governors should arrange their visits with the headteacher, who has responsibility for the day-to-day management of the school. The Executive Headteacher will arrange termly structured visits whilst the school is in session to support Governors in this function and it is expected that Governors would attend wherever possible, and at minimum of once a year.

The governing body must exercise its functions with a view to fulfilling a largely strategic role in the running of the school. It should establish the strategic framework by:

- Agreeing the aims and objectives for the school;
- Adopting policies for achieving those aims and objectives;
- Setting targets for achieving those aims and objectives.

The governing body should monitor and evaluate progress of its strategy and regularly review the framework for the school in the light of that progress. When establishing the strategic framework and reviewing progress, the governing body should consider any advice given by the Executive/Headteacher, the School Improvement Partner (SIP) and other professional bodies. The school improvement plan will generally provide the main mechanism for the strategic planning process.

The Executive/Headteacher has responsibility for the internal organisation, management and control of the school and for implementation of the strategic framework established by the governing body. Governors are not expected to be involved in the detail of the day-to-day management or running of the school.

The Executive/Headteacher will discuss all the main aspects of school life with the governing body and will expect the governing body to both challenge and support the school. Acting as a “critical friend”, the governing body should offer support and constructive advice, but governors should not be deterred from questioning proposals and seeking further information to enable them to make sound decisions. The Executive/Headteacher should give the governing body enough information to enable it to feel confident that both it and the Executive Headteacher are fulfilling their statutory responsibilities.

A good governing body will delegate enough powers to allow the Executive/Headteacher to perform his or her management duties as effectively as possible. The Executive/Headteacher must report to the governing body regularly on how those delegated powers have been exercised and the governing body should keep the delegation under regular review.

\*The Executive Headteacher holds voting rights and the entitlement to sit on each of the schools subcommittees. This means the total number of voting members inclusive of the EHT is five.

## Terms of Office

With the exception of the Executive Headteacher, full governing body Governors hold an initial four year term of office. After four years these may be automatically renewed for a second term. The renewal process would consist of a declaration of interest and vote. After serving two terms of office, Governors would typically be asked to stand down and a skills selection or voting process undertaken to find a suitable replacement.

Where there is a lack of a suitably skilled replacement, a waiver may be issued to allow for one final term of office. No Governor, with the exception of the Executive Headteacher, can serve more than three terms of office.

Associate Governors who sit on school subcommittees hold a maximum of five year term of office with the exception of Headteacher governors.

The Viridis Governing body was formed in September 2017, to ensure continuity Governors will be subject to a staggered date deemed to be the start of office as outlined below for the first full 6 years. Governor groups have been assigned to balance to potential loss of skills and experience and phase this over time, with a view that elected positions would be renewed first.

Governor	Term of Office 1	Term of Office 2	Term of Office 3 (Waiver)
Kay Richardson	Expired August 2020	Expires August 2024	
Claudia Moreira	Expired August 2020	Expires August 2024

To ensure a balance of skills, school subcommittee members will be considered for deployment on alternative subcommittees annually and on request. Decisions regarding placement of Governors to subcommittees will be made by the Chair of Governors, following due consideration of representations, and this decision is final and binding.
