Summer 2 Feedback	<p>What is going well in the term so far?</p> <p>Year 3: We have been focusing on getting 10 points for lining up. We are working towards our lining up prize at the end of the half term.</p> <p>Year 4: There has been a big improvement in swimming in Year 4. We have become strong swimmers and lots of children have moved into the deep end during swimming lessons.</p> <p>Year 5: We are excited about our school trip coming up in a couple of weeks.</p> <p>Year 6: We have started rehearsals for our end of year production. It has been fun learning the lines and learning the new songs.</p>
Feedback from class council	<p style="text-align: center;"><u>Science Day</u></p> <p><u>What did you enjoy most about Science Day?</u></p> <p>Year 3: We enjoyed making the foam for the experiment. It was fun watching the reaction.</p> <p>Year 4: It was fun experiment with different materials.</p> <p>Year 5: I enjoyed comparing my prediction to the final results.</p> <p>Year 6: We got to go outside for our experiment. It was fun firing the rockets and measuring how high they went. We also enjoyed the assembly.</p> <p><u>How could Science Day be improved?</u></p> <ul style="list-style-type: none"> - Use more technology (e.g. iPads, electronics) - More audience participation in assembly. - Experiments that involve bigger reactions. <p style="text-align: center;"><u>Staying Safe in the Sun</u></p> <p><u>How can we stay safe in the sun?</u></p> <p>Year 3: Putting on sun cream before coming to school and before going outside. You should also wear hats to protect your eyes from the sun.</p> <p>Year 4: Make sure you stay in the shade so you don't overheat. You should also wear suitable summer clothing (e.g. shorts).</p> <p>Year 5: Bring a water bottle into school and make sure you are regularly drinking it.</p> <p>Year 6: Staying hydrated is important to make sure you don't get headaches/ feel unwell.</p>
